About Me

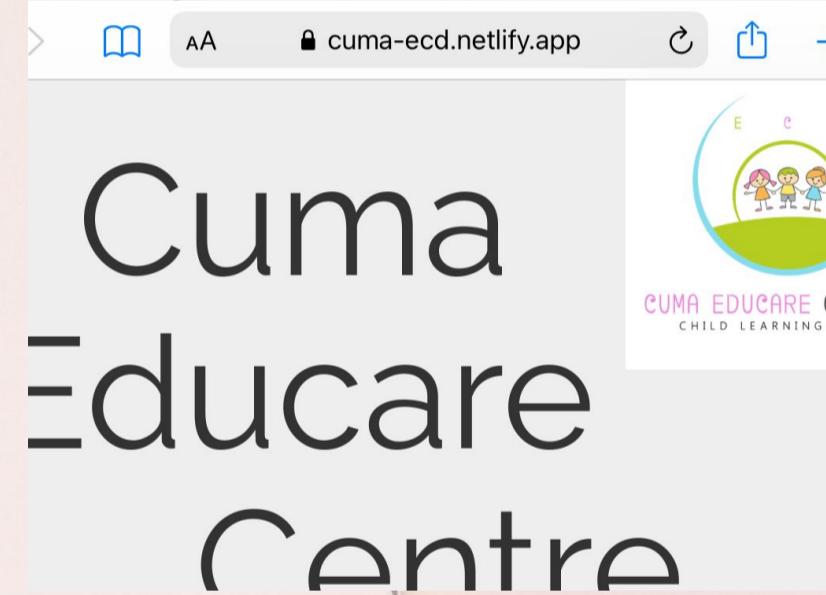

- I am a young independent lady who knows what she wants in life.
- I am a hard worker who is always passionate about work.
- I always give it all if I am about to do something, whether it is work or something.

- I like trying out new things in life because I believe that in a world you must be able to do more than one thing in life in order to survive.
- Being in a technical environment for me has been an awesome experience ever.
- There are many new things I have learnt in the technical environment.
- I am a Junior Web Development.
- There are websites I can build on my own using the languages of HTML,CSS and JavaScript.
- I am sure about being a web developer, because I love coding and I enjoy working with computers.
